

March 14, 2020

To our Surf Market customers,

Over the last several days and weeks we have all watched as the COVID-19 virus has brought about an alarming set of circumstances including school closures, quarantines, cancellations of gatherings, and encouragement to practice “social distancing.”

At Surf Market, we are watching this rapidly changing situation and making sure that we are following our local, state, and federal health agency guidance. Additionally, we are taking any steps that we feel will help keep our staff, vendors, and customers safe. We will continue to update our practices as we receive guidance from these agencies.

One of our goals during this time is to continue to operate as normally as possible. We acknowledge that this is a stressful time, but we want you to know that our team is here continuing our work of offering the best local, organic, and artisan foods available, along with the national brand products you expect. It is our intention to continue to serve our community throughout this crisis by keeping a clean, well-stocked store for you to provision and support your health and the health of your friends and family.

Sincerely,
Steve May Owner
Surf Market
